

2010 Summer Academy of Arts & Sciences

**WARNING:
This is Not
Your Average
Summer
Camp!**

This summer, you can be an actor, writer, entrepreneur, scientist, geologist, engineer or video game designer! Check out your options for the future at The Learning Lamp's exciting 2010 Summer Academy of Arts and Sciences. This not-so-average summer program takes you to labs, job sites, college campuses and more. Camps are specially designed for middle school students and taught by a variety of experts, working professionals and college professors. Students entering grades 6 to 9 may attend, with the exception of Guys and Dolls, Jr., which is for students in grades 6 to 12. Space is limited. Tuition is \$117. Camp locations vary. Sessions meet from 9 a.m. to 3:30 p.m. Monday through Friday. Except for Pitt-Johnstown camps, please pack a lunch. To register, call (814) 262-0732.

GUYS & DOLLS, JR. w/ Richland Performing Arts Club

June 14-26 @ Richland Performing Arts Center

Calling all actors, dancers and vocalists! Grab your giant movie star sunglasses and join us for a great first experience in the audition and performance process. The program will conclude with live performances of the Broadway Junior version of the musical favorite *Guys & Dolls*. Instructor: Scott D. Miller **Grades 6 to 12** **This program is 2 weeks (\$260)

THE APPRENTICE w/ Johnstown Area Regional Industries (JARI)

June 28-July 2 @ JARI Center for Business Development in Richland

It takes guts and smarts to start your own enterprise. Join us for a rollercoaster ride through business start-up. We'll explore the trial and error of building a business and bringing a product or service to market. While the risk is great, the rewards are nearly unlimited! Meet real-life entrepreneurs and consider your own chances at being a successful business owner.

ROVING REPORTERS w/ The Tribune-Democrat

July 12-16 @ the Greater Johnstown Career and Technology Center Computer Lab

Like to be in the middle of the action? Learn how journalists witness history and shape our community as they gather facts, interview newsmakers and report live from the scene. This week, you'll get real life newsroom experience, visit a newspaper and meet with working journalists. Campers will conduct interviews, take photos and write copy for an e-newspaper we'll publish on the web. *This camp requires a digital camera with batteries and accessories. **Field trip additional cost: \$10**

EARTH ADVENTURE

July 19-23 @ Pitt-Johnstown

Lace up your hiking boots and make your own map using a hand-held GPS device and mapping technology. Examine the cause of earthquakes and floods. Study plate tectonics, oceans, rocks and mountain ranges. Climb inside a GIANT Earth Balloon to study underwater geography and measure the earth's circumference. Work with a real-life geologist to identify and study the physical features of our neck of the woods— the Allegheny Plateau!

MORE AWESOME CAMPS ON OTHER SIDE

**Register by calling
(814) 262-0732!**

More Awesome Summer Camps...

Camps run from 9 a.m. to 3:30 p.m. at the locations noted. The drama academy hours are slightly longer. Please pack a lunch for all programs except those at Pitt-Johnstown. For most programs, tuition is \$117 per week. Students may register for as many programs as they would like, if space permits. **A short application is required. Applications are available at your child's school, on our website: www.thelearninglamp.org or by calling us at (814) 262-0732.** Registrations are accepted on a first-come, first-served basis.

PICTURE PERFECT

July 26-30 @ Greater Johnstown Career and Technology Center Computer Lab

Shutterbugs, show off your talent in this exciting camp that explores the unlimited possibilities of digital photography and editing software. Work with a real-life professional photographer, visit a photography studio, create your own portfolio, and make art you can frame to decorate your room or give as gifts. If you're dreaming of a life behind the lens, sign up now!

*This camp requires a digital camera with batteries and accessories. **Field trip additional cost: \$10**

BEAMS, BRIDGES & TOWERS: STRUCTURAL ENGINEERING

August 2-6 @ Pitt-Johnstown

Use computer software to design bridges and buildings that can withstand a hurricane or earthquake! Design, construct, and DESTROY two- and three-dimensional structures made from common materials like straws, marshmallows, and toothpicks. Work in a university engineering lab to conduct experiments and devise structural calculations to test loads, movement and durability. **Field trip additional cost: \$10**

GAME ON!

August 9-13 @ Greater Johnstown Career and Technology Center Computer Lab

Love to play video games? Now you can learn how to make them! We'll explore different types of games and build our own prototype. We'll visualize, plan, and sequence content for a virtual game, meet real-life software designers and engineers and learn how to turn gaming into a great career! **Field trip additional cost: \$10**

Tutoring in all subjects is available all summer long!

It's never too early to give your child a jumpstart on the school year. The Learning Lamp offers tutoring in all subject areas throughout the summer. Our certified teachers will assess your child's needs and develop a plan to help him or her close skill gaps and prepare for the new school year. Best of all, tutoring is accessible in your community with tuition you can afford! Scholarships are available. For details, call (814) 262-0732. At The Learning Lamp, our job is to help your child gain the skills he or she needs to succeed in school.

Registration for Middle School Summer Camps

Please register your child by phone at 262-0732. We accept Visa, Mastercard or Discover, or you may mail payment to: **The Learning Lamp**, 108 College Park Plaza, Johnstown, PA 15904
