Circus, Circus

Come one, come all! Tight rope walking, hoop jumping, and animal taming and more! We'll pretend to be dancing bears and rallying ringmasters.

Buggin' Out

What's the buzz all about? We're crazy about bugs! Join us for bumblebee relay races, marching in an ant parade, finger painting to the "Flight of the Bumblebee." We'll even design our very own insect.

S'more Fun

We're bringing the outdoors in as we build an indoor campfire, tell stories, and sing songs. We'll go on a nature walk and make homemade trail mix in this adventurous camp.

Surf's up!

Get ready for a trip to the beach. We'll experiment with salt water, make a beach in a bottle, and try hand surfing. We'll also design our very own surf boards and build sand castles.

Kid Concoctions

Roll up your sleeves and stir up some fun! Get ready for outrageous ooze, sugar crystals, and flying bubbles. Nothing will be silly when we make our own "silly putty."

Fiesta Time!

Can you say Ole? We're heading south of the border to create piñatas, sombreros, and pottery during our Cinco de Mayo celebration.

Going Bananas

Monkey around just like Curious George. Make yellow hats, explore dirt and sand, and make a mini banana splits. Let's get curious!

Open Sesame

1-2-3 Sesame Street. Count with the Count, create street signs, and make a bird feeder for Big Bird.

Let's Pretend

Every day is a new adventure. Search for hidden pirate treasures, leave footprints on Moon's surface, and design knight armor.

To the Rescue

Meet and learn about everyday heroes. From soldier to nurse, we'll speed to the rescue! Get an up-close look at an emergency response vehicle and make your own police badge.

Animal Babies

Pups, cubs, calves, and joeys. Learn the names of zoo babies, farm babies, and ocean babies. See how mother animals take care of their young and explore their different habitats.

Why should you choose The Learning Lamp for your child's first school experience?

To take on the world, your preschooler needs a solid foundation for learning. So for his or her first classroom experience, why would you choose anything other than a school that has a proven capacity for quality education?

The Learning Lamp is a Pennsylvania Department of Education-licensed program that offers a great first learning experience for your child.

Our preschools meet national and state quality standards for early learning. Our curriculum, *Building Language for Literacy*, will help your child build the pre-reading skills he or she needs to succeed in kindergarten and beyond. Beginning math and science activities supplement our literacy-based curriculum.

Our highly qualified and caring teachers include lots of hands-on

activities, songs and opportunities for play that keep your child actively engaged in the classroom experience.

Generous scholarships are available for children attending our programs for ages 3 and 4. We also offer a socialization program for 2-year-olds and extended day preschool and kindergarten at our Westmont, Memorial Medical Center, GJCTC and Scalp Avenue locations.

Child care subsidy is available for income-eligible children attending the extended day program.
