- Instruction based on your school's curriculum
- Pre- and post- testing
- Sessions available at schools, libraries and community centers across the region
- Scholarships available for all income-eligible students

Helping your child succeed in school is our mission.

The Learning Lamp is a nonprofit agency committed to offering high quality educational support to help students succeed in school, regardless of a family's ability to pay for services. We offer one-to-one tutoring for any student in grades K to 12 who needs a little extra help to stay on track.

Educational research shows that students who receive quality tutoring are more likely to make gains in the classroom and on achievement tests. But often, cost is a big hurdle. The Learning Lamp offers assistance to any child who is eligible for free

or reduced lunch through the National School Lunch Program. Tutoring can cost as little as \$10 per session or less if a family is experiencing great financial hardship. For families with greater means, tutoring is an affordable \$26 per one hour session.

Additionally, our services are available in schools and communities across Cambria, Somerset and Bedford Counties.

For more information, call us (814) 262-0732 or 1-866-785-LAMP. At The Learning Lamp, we're lighting the way to a brighter future for children across the region.
