

She's Ready to Take on the World. To Start, She'll Need a Great Preschool.

Join us for an Open House at our Westmont Preschool on Wednesday, March 24 from 5:30 to 7:30 p.m.

The preschool is located in the ground floor of Beth Shalom Congregation, 700 Indiana Street in Westmont. Generous income-based scholarships are available. Call for details.

The Learning Lamp Preschools

Westmont— 539-0714
Memorial Medical Center— 254-4084

Richland— 262-0247
GJCTC Center for Children— 266-3190

To take on the world, your preschooler needs a solid foundation of learning. So for his or her first classroom experience, why choose anything other than a school that has a proven capacity for quality education?

The Learning Lamp is a Pennsylvania Department of Education-licensed program that offers a great first learning experience for your child.

Our preschools meet national and state standards. Our curriculum, *Building Language for Literacy*, will help your child build the pre-reading skills he or she needs to succeed in kindergarten. Beginning math and science activities supplement our literacy-based curriculum.

Our highly qualified and caring teachers include lots of hands-on activities, songs and opportunities for play that keep your child actively engaged in the classroom experience.

Tuition is based on income, with scholarships available for many families. Whether you are looking for a part-day or full-day experience, call us. We'd be glad to show you around and answer any questions.

We offer several options:

- **Part-day 2-year-old socialization program in Richland and Westmont**
- **Full-day educationally-based program for 2's and young 3's at our Centers for Children at GJCTC and Memorial Medical Center**
- **Part-day and full-day preschool for students ages 3 and 4 in Richland and Westmont**
- **Kindergarten extension for AM or PM students in Richland**
- **Childcare with a built-in preschool curriculum taught by certified teachers**

At The Learning Lamp, we believe children learn best when they enjoy their learning experiences. Our caring teachers focus on the emotional and educational needs of each student. Our program also features a strong literacy component, so that all of our children have the best opportunity to master the pre-reading and reading skills they'll need to excel in kindergarten. Working in partnership with public school teachers, we've designed a program that lays the groundwork for success in school. For more information or to register, call the location that best meets your child's needs.

Westmont– 539-0714
 Memorial Medical Center– 254-4084

Richland– 262-0247
