Did you know that nearly one in five area 6th graders have used alcohol?

According to a recent Pennsylvania Youth Survey, by 8th grade, nearly half of students admit to having tried alcohol. Locally, the onset of drug and alcohol use typically occurs at ages 10-11, or when children are in 4th and 5th grades.

To address the issue, The Learning Lamp is partnering with the Cambria County Drug and Alcohol Program to offer a FREE drug, alcohol and tobacco prevention program to local schools.

Too Good for Drugs is a curriculum proven to help students build the skills they need to say no to drugs and alcohol. TGFD teaches important life skills and is aligned with PA standards in health, safety and physical education. The program is taught by a certified teacher.

To schedule for your school, call 814.262.0732.

This program is brought to you by:
