## **Employee Communications** **March 25, 2020**

“With all the uncertainty over the past few weeks, we wanted to highlight some positive things happening at The Learning Lamp. Our Memorial Medical Child Care Center located on McKinley Avenue in Johnstown is still open. We received a waiver to keep the center open to meet the needs of medical professionals and first responders. About 20 children are attending and we were able to keep 12 staff employed. A special thank you to the employees for their efforts on behalf of our children.

Next week we will be able to start continuous learning in an online capacity for some of our Specialized Programs serving at-risk students in grades K-12. This will allow the students to continue their education during the school closure, including access to special education and counseling. Again, we want to thank the staff for making this possible!

We are hopeful that all programs will be up and running again soon so we can bring back employees and continue to serve the children in our communities and meet our mission. Thank you for your ongoing patience during this very difficult time.”

The mission of The Learning Lamp is to engage all children in the support they need to succeed. The Learning Lamp is a 501(c)(3) nonprofit organization, donations to which are tax deductible to the fullest extent permitted by law.
