Employee Communication – 4/17/2020

“Governor Wolf provided insight into the future of Pennsylvania today. He said the reopening of the economy will happen slowly and when it is safe, based on input from medical experts. Governor Wolf stated additional details will be released next week, and until then we should follow the safety and social distancing guidelines now in place including wearing a mask in public, staying home as much as possible, and frequent handwashing.

He also acknowledged the difficulty many people are having with the unemployment system. We are hearing that from employees as well. Next week, we will begin reaching out to employees by phone to see if there is any way we may be of assistance.

Please know that we think about you every day. If there is something you need help with, contact us. We will do our best. Thank you for your patience during this exceptionally challenging time.”
