

August 2, 2021

The Learning Lamp and Ignite Education Solutions is committed to the health and safety of staff and children as the COVID-19 pandemic evolves. With more than 3,000 new COVID-19 cases reported across Pennsylvania since Friday, we are monitoring the CDC and PA Department of Health for updated guidance.

COVID-19 vaccinations are available to those interested:

- Martella's Pharmacy – Martella's holds vaccination clinics periodically. Call 814-208-5006 for details.
- Mainline Pharmacy – Mainline offers vaccinations at most of their locations. [Click here to schedule on their website.](#)
- Rite Aid, CVS and Giant Eagle also continue to offer vaccination appointments.
- If none of these businesses operate in the community where you live, please contact your local pharmacy or doctor's office or visit [Vaccines.gov](https://www.vaccines.gov) for a provider near you.

If you've been vaccinated, please upload your vaccination record card at thelearninglamp.workbright.com. Submission of your vaccination record will enable us to properly determine and calculate quarantine times in the event of an exposure.

Any changes to our policies and procedures on COVID-19 will be communicated via the COVID-19 Handbook, as well as text message and email. Ignite staff will continue to follow District-specific guidelines. Please keep in mind that changes may occur in weeks leading up to the start of school. All staff should continue to monitor email for updates. Please reach out to your supervisor or human resources with any questions. As always, thank you for your patience, cooperation, and continued hard work!
